

TYPE - FM STIR FANS

FM MODEL OVERVIEW

Type - FM fans are direct drive models that can be used for spot cooling, manure drying, or general mixing of air with their high velocity discharge.

Type-FM 18 features galvanized construction, equipped with an aluminum blade assembly and a single-phase 1/3 HP motor.

Type-FM 24 features epoxy coated steel construction, and features cast aluminum blades and a three-phase 1 HP motor.

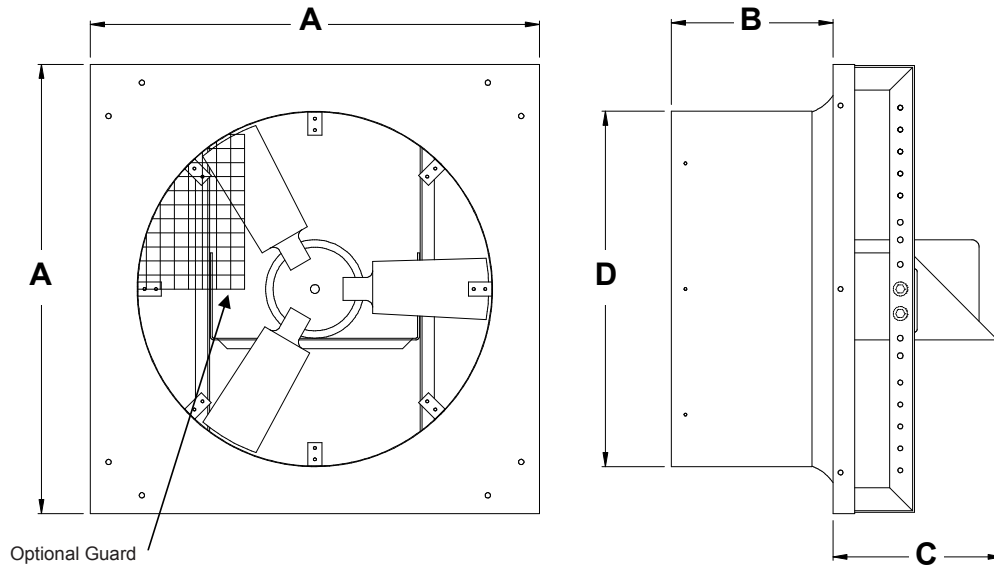

Accessories

- Factory mounted front safety guard
- Hanging bracket
